one of these 1/24 classic sport  
and we will let you use it in 1/24 classic  
24 Saloon just by doing a body swap  
at the cost down for new comers until

you can get the correct chassis for each class.

Track power is reduced and turned round for this class

The slot car controller is the most expensive item to buy that's why we advise new people to try out different ones the club members use to see what they like. 3 of the club members have the one that is pictured. Once you've bought a controller you shouldn't need to buy another controller.

The one pictured is recommended for newcomers has all features you will need adjustable sensitivity/brake and Acceleration Control

you will need to ask to have inline fuses and bsra plug fitted.

Truspeed MT II Mosfet PWM Controller (High Power)

£160 new

<https://www.truspeed.co.uk/collections/slot-car-controllers-1/products/mt-ii-mosfet-pwm-slot-car-controller>

other controllers are available please ask a club member about what's good to get.

If you have any questions or would like more info just ask one of the helpful club members.

We do have cars and controller we can lend out to new members until they get their own cars and controller.

Here is the club website <https://www.slotcarracing.org.uk/bmth/>

Our facebook page <https://www.facebook.com/groups/1716428515445359> or just search on facebook for Bournemouth Slot Car Club

1. A good place to buy new stuff is <http://www.missile.co.uk/catalog.html>
2. A good place to buy body shells is <http://www.bettaandclassic.com/>

Places to look for second hand stuff.

You might not find any second hand stuff on ebay or facebook market place so slot car jumble would be best place to look.

[www.ebay.co.uk](http://www.ebay.co.uk)

[www.facebook.com](http://www.facebook.com) (Slot Car Classifieds (UK) or look on facebook market place.

<http://www.slotcarjumble.co.uk/>

Sometimes other club members have stuff for sale so please ask.
